

## Kodak F235 Plus Film Scanning System

Go Digital with the Kodak F235 Plus Scanner

Kodak Digital Solutions

# Kodak F235 Plus Film Scanning System

## The Affordable Solution for Digital Products!

**The Kodak F235 Plus Film Scanner allows you offer a host of unique products without investing in a full digital lab!**

### **Expand Your Business**

The photo store can offer to its customer's unique digital products such as the exclusive Kodak Picture CDs with thumbnails, the patented Kodak Picture Folio, and more. The store does not have to modify workflow to offer these new products. This investment in the Kodak F235 Plus increases profits and differentiates the store from their competition.

### **The Easy Way to Go Digital**

The Kodak F235 Plus offers a simple, fast way to take advantage of digital technology. Your customers don't have to give up their traditional cameras or change the way they take pictures - all they have to do is order a Kodak Picture CD!

# Kodak F235 Plus Film Scanning System

- High Quality 14-bit Film Scanner for 35mm (negative, positive or B&W) or APS
- Color correction from Kodak Color Science for better color registration
- Digital ICE™ Technology accurately identifies any other surface defects on film and automatically removes them during scanning processes.
- Low maintenance via automatic calibration and diagnostics.
- Scanning capabilities at multiple resolutions up to 2000x3000 (16 MB files), give the F235 Plus the flexibility to meet the most demanding output requirements.
- Fast scanning at 4 Base resolution (1000x1500 ppi) for a roll of 24 exposures in 25 seconds
- Built-in DX code reader means correct frame numbering from 35mm film.
- Optional Cleaning Brushes remove static and dust before film is scanned

**The patented high-speed scanning technology and efficient work flow management software (one scan equals unlimited outputs) make the F235 Plus an excellent choice!**

Unique design and unmatched quality make it an ideal component in the following applications:

- Behind the counter station
- Connectivity to Digital & Hybrid Minilab Systems
- Connect to Kodak Picture Maker Kiosk
- Connect to Kodak 6800 or Inkjet Printers

## Inputs

Digital Camera Cards

**F235 Plus**

Negative, Positive, B&W 35mm film or APS Film

Kodak Picture Maker

## Outputs

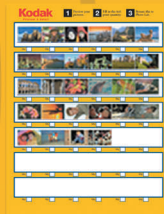

Premium Kodak Picture CD

Pakon CD

Kodak Picture Folio

Preview Sheet

## F235 Plus Scanner Specifications

A/D Conversion: 14-bits  
Output Color Space: 14-bit  
Output File Formats: planar (RAW), DIB, JPEG, TIFF, EXIF, BMP  
Digital ICE™ Technology  
Color Correction: Kodak Image Science  
Scanning Software: Pakon Scanning Interface (PSI)  
OEM Software Interface: COM  
Operating System: Windows 2000  
(future release compatible with Windows XP)  
Interface: USB 2.0 (Dedicated port recommended)  
Light Bulb: 50-Watt SOLUX Halogen Bulb  
Power Requirements: 100-240 VAC, 50/60Hz  
Dimensions without catch tray  
(WxHxD): 12.5 x 13.5 x 11 in. (317 x 343 x 279mm)  
Dimensions with catch tray  
(WxHxD): 12.5 x 13.5 x 16 in. (317 x 343 x 406mm)  
Computer Hardware: Custom configuration.  
Weight (approx.): 27.6 lbs. (12.5kg)

## Computer Requirements

CPU: Intel® 2.4 GHz  
OS: Windows 2000 Professional Service Pack 4  
Hard Drives: (2) 80GB Seagate ST80013AS 7200RPM SATA  
Data Interface: USB 2.0 (requires a dedicated port)  
Motherboard: Intel® D865GBVL w/SND/LAN/USB  
Memory: 2 sticks of 256 MB PC2100 DDR SDRAM DIMM  
CD-RW: Plextor 52/24/52A ATA CD-RW internal drive

## Film Types

35mm and APS Film  
Color Negative  
Color Reversal Kodachrome  
Traditional Black & White  
C-41 Black & White (Reads optical data)  
Cartridge load APS with magnetic code reader available on F235C

### Scanner Throughput

**35 mm**  
1000 X 1500 ppi (Base 4)  
1400 X 2100 ppi (Base 8)  
2000 X 3000 ppi (Base 16)

**APS Advanced  
Photo System Film**  
856 X 1500 ppi (Base 4)  
1200 X 2100 ppi (Base 8)  
1714 X 3000 ppi (Base 16)
